

Statement of Candidacy for EASFAA Secretary- Mika Lim

I am honored to be considered for the position of EASFAA Secretary. With a background in compliance, operations, and committee leadership, I bring strong organizational skills and a commitment to transparency through consistent and accurate documentation and communication. From my involvement with EASFAA, including co-chairing the Training Committee for the past two years, leading the Federal Relations Subcommittee, serving on the Budget Committee, and contributing to the development of EASFAA's 2025–2028 Strategic Plan, I understand the importance of effective collaboration, information-sharing, and ensuring continuity in our shared work. My experience maintaining governance materials and coordinating across teams has prepared me well for stewarding EASFAA's records, minutes, and Policy & Procedures.

If elected, I will prioritize timely, transparent, and accessible communication so that Council members and our broader membership always have the information they need. I will ensure the documentation remains accurate, current, and reflective of our evolving goals. I am committed to bringing reliability and a collaborative spirit to our shared work, and to serving EASFAA with integrity and enthusiasm.

Thank you very much for your consideration. I look forward to the opportunity to contribute to EASFAA's continued success.
