

## NH State Report June 2020

---

### Executive Council

---

The NHASFAA Council met remotely on 6/5/20. Received feedback that several institutional budgets will be impacted due to the COVID-19 pandemic. We discussed several items including this year's Conference and restructuring the 2020 budget to make it leaner. The Council will be meeting on Friday 7/10/20 to make any necessary adjustments to the 2020 Budget.

---

### Conference

---

The NHASFAA Council voted to not have an in person Conference this year due to the uncertainty that exists with the COVID-19 Pandemic. The committee is working on a virtual conference that will have some sessions (trainings, awards, annual business meeting etc..). At this time, we will be celebrating NHASFAA's 50<sup>th</sup> Anniversary in 2021. The committee is currently in negotiations to move our deposit from this year to next year's event with the Grand Hotel in North Conway, NH.

---

### Membership

---

As of June 5<sup>th</sup>, there are 167 active members in 2020.

---

### Training

---

Our Annual Spring Training was cancelled this year due to the COVID-19 Pandemic. On June 12<sup>th</sup>, there will be a webinar that will be covering a variety of topics including aspects of the CARES Act that impact individuals, 2019 tax forms, and professional judgement. The committee is looking into other webinar trainings for the rest of the year.

---

### Committees

---

The Development Committee will be reaching out to other Associations to identify what we can charge vendors for this year since the Conference will not be taking place in person.

Respectfully submitted,

Ted Rokas
