

## DE-DC-MD ASFAA Report

### June 2021

---

#### Executive Council

---

Our goal is to develop and provide a robust series of training opportunities for our members, engage with the community to host donation drives, volunteer opportunities and other outreach events, and while increasing our participation and membership in the organization.

---

#### Conference

---

We are discussing the feasibility of an in-person Fall Conference, but have not ruled out a virtual event which will occur November 1-3, 2021. If held in-person, it will be at the Hyatt Regency Chesapeake Bay Golf Resort, Spa and Marina.

---

#### Membership

---

We have 213 members as of June 13, 2021. Of those, 32 are business partners. Since the pandemic interrupted many of the planned events, we are deliberating maintaining the current membership fee through June 2022.

---

#### Training

---

We offered a virtual Neophyte event in January 2021 and are currently working on reviving our Diversity Workshops and training on financial aid topics to roll out during 2021. The States are planning to offer both training and community events.

---

#### Committees

---

Tri-State consists of the DC, Delaware and Maryland committees.

---

#### Miscellaneous

---

N/A

---

---

Respectfully submitted,

Sarah Mariner, Incoming Tri-State Chair
