

## Maine State Report June 2022

---

### Executive Council

---

The MASFAA Maine Executive Council is scheduled to meet in person along with membership at the MASFAA retreat on June 22, 2022 at the University of Maine Augusta.

---

### Conference

---

We are still in the planning phases for the 2023 conference. We have had 2 half day in-person/Zoom membership meetings with our next one later this month.

---

### Membership

---

As of June 8, 2022, we have 96 active and 7 associate members or 103 total. We will be invoicing membership in October.

---

### Training

---

Our last two trainings were on Public Service Loan Forgiveness and Neurodiversity. Our training topic on the June 22, 2022 MASFAA meeting will be “How were you affected by the last two years of the pandemic” in an effort to focus on member wellness as we continue to lose FAA’s in our state to other jobs, retirement, etc.

---

### Committees

---

We are in the beginning stages of assembling a 2023 MASFAA conference committee. Thanks Julie Lawton for willing to assist!

---

### Miscellaneous

---

Polices & Procedures manual is being rewritten as we speak.

Maine lawmakers signed into a law a bill that would prohibit schools from withholding transcripts if a student owes \$500 or less in debt for 2 year schools and \$2,500 for four year schools. Story: <https://mainebeacon.com/students-advocates-applaud-new-law-that-bans-withholding-transcripts-over-debt/>

---

---

Respectfully submitted,

William O'Shea
